

Linking Us Together ~ Person-to-Person Connections

Would you like to meet someone else in your neighborhood who has NF? Are you a parent of a child with NF who wants to touch base with other parents? Are you a teenager who has NF who wants to know another teen with NF? Do you want to develop new friendships? Share coping skills? Have a play day at the park for your kids? Meet a new walking partner?

NFCA's **"Linking Us Together"** program (with thanks to NFInc. California) helps to create person-to-person connections between individuals and families who have, or are affected by, NF.

Just fill out the form below, and we will match you up with others wanting to make the same type of connection as you. After NFCA helps to forge your link together, you will be on your way to new contacts, connections and friendships!

Name: _____

I am person with NF

OR

I am a parent/family member of a child/other person with NF

I am interested in meeting others who have NF

My particular interest is:

(for example, other single parents, families with children/teens who have NF, other people with particular manifestation of condition, friends for social activities, someone to talk about experiences with doctors, sharing ideas for coping with the condition, etc.).
